

Editorial Acknowledgments and Introduction to the Special Issue for the EDM Journal Track

Andrew M. Olney and Luke Glenn Eglington

INTRODUCTION

The 12th EDM Conference was held in Montréal from July 2 to July 5, and for the fifth time it held a Journal track which this year was edited by Andrew Olney and Luke Eglington. The Journal track allows papers submitted to JEDM to be presented at the conference. A summary is available in the proceedings, and the full text is published in the Journal.

The Journal track received 7 submissions and 2 of them made it to the final stage of the special issue for journal publication. We are pleased to publish these papers in this issue.
