

Editorial Acknowledgements and Introduction to the Special Issue on EDM Journal Track

Michel C. Desmarais and Kalina Yacef

INTRODUCTION

The EDM Conference was held in Raleigh this year, from June 29 to July 2, and for the second time it held a Journal track which was edited by Kalina Yacef this year. The Journal track allows papers submitted to JEDM to be presented at the conference. A summary is available in the proceedings, and the full text is published in the Journal.

Three submissions made it on time to get acceptance for publication and be presented at the conference. We are pleased to publish these papers in this issue.

EDITORIAL ACKNOWLEDGEMENTS

The JEDM editor and associate editors express their sincere gratitude and thanks to the editorial board and colleagues who devoted their time and effort to reviewing for JEDM in 2015:
